Be a Voice for Your Nation

INFLUENCER COULD BE WHAT YOU’RE LOOKING FOR

The world is littered with people who became agents of change. They may not have seen further than the challenge at hand, but in time became world shapers and changers... they saw a need and became a creative problem solver in that situation... the outcomes of which we call history.

We encourage you to view challenges in our culture as an opportunity to release a creative Godly perspective.

We are looking for people who believe their lives can continue to make a significant contribution in new levels within the cultural spheres of society.

Our desire is that this Influencer Stream would be a greenhouse for your dreams, opportunities and promises of God to be activated and sustained - that you would play your part in society. We invite you to step beyond your norm and embark with us on a passionate adventure to release His kingdom.
